#### **About Far East Global**

Established in 1969, Far East Global Group Ltd. ("Far East") is one of the world's leading architectural envelope solutions providers with business presences in North America, South America, Greater China, Asia, as well as the Middle East. We provide one-stop solutions that incorporate system design and engineering, procurement, fabrication, assembly, logistics, installation, post-completion maintenance and project management services.

Far East's engineers are focused on innovating and manufacturing technologies to address ever-changing design trends. We adhere to design standards across 10 countries and regions, engineer products that allows for central procurement, and design systems employing our in-house modular fabrication and installation technology.

Over the years, Far East has completed over 450 projects worldwide. Select previous and current projects include Burj Khalifa in Dubai, currently the tallest building in the world; Venetian Resort Hotel in Macao, currently the largest resort in Asia; Cosmopolitan Resort Hotel & Casino in Las Vegas; Shanghai IFC in Shanghai; Marina Bay Sands Integrated Resort in Singapore; Trump International Hotel & Tower in Toronto; Times Square in Hong Kong; and Costanera Center in Santiago, Chile, which will be the tallest building in South America.
